The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for *free* booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Quick as a Wink

That exactly expresses it. Just as quickly as you can stir the contents of one package of

Jell-O

THE DAINTY DESSERT

into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cold it will jellify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with candied cherries. Serve with whipped cream. Beautifully illustrated recipe book free. Address

ROW AT DIRECTORS' MEETING.

After a meeting of the board of directors of the Illinois Central Railroad in New York had broken up in confusion yesterday Stuyvesant Fish, former president of the company, and J. T. Harahan, his successor, engaged in a heated altercation, which terminated in a violent physical encounter.

Wall street reports circulated late in the afternoon were to the effect that Mr. Fish struck Mr. Harahan with his fist, and that the two men clutched each other, stumbled over a chair and fell to the floor together before they could be separated by their colleagues of the board.

Mr. Harahan, who succeeded Mr. Fish in the presidency of the Illinois Central when the latter had been ousted after an incumbency of many years duration, is a somewhat smaller man physically; though he could probably "weigh in" at 190 pounds, and his broad shoulders suggest plenty of muscular power and vitality.

The trouble, it is said, originated over a resolution, the exact text of which could not be secured although, it is alleged, that it was a sharp arraignment of the management of the road, on the ground that it was dictated in the interests of the Harriman lines generally, and not in that of the Illinois Central particularly. In a portion of it the charge was made that the majority of the directors were tools of Mr. Harriman.

When Mr. Fish reached that portion of his preamble, one of the Harriman directors, all of whom were fidgeting under his remarks, suddenly made a motion to adjourn. Mr. Harrahan put it instantly, declared it carried, and rose to leave the meeting, the other directors also getting on their feet.

Mr. Fish was nonplused a moment, but presently spoke out vigorously.

"Gentlemen, you can't adjourn in the middle of a matter of business," he said. "This is astonishing and surprising. I insist that it is contrary to all parliamentary procedure, more than that, an unheard-of breach of courtesy to interpose a motion to adjourn in the middle of a director's remarks. I insist that this meeting is not adjourned, and shall proceed with my resolution."

"The meeting has been declared adjourned, and stands adjourned," retorted Mr. Harahan curtly, facing Mr. Fish across the table.

"The meeting is not adjourned," Mr. Fish came back with increasing warmth, "and I declare you cannot adjourn it unless you demonstrate what I have said, that you are Harriman tools and puppets, and that the—"

"I'm not a Harriman tool," Mr. Harahan broke in threateningly, "nor the tool of any man. Any one who says so lies."

It is positively affirmed by some that at this juncture Mr. Fish struck Mr. Harahan.

The elevator man with whom Fish went to the first floor says that he mutter under his breath as he entered the car. "It's too bad that it wasn't that ——Harriman."

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Piesant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteey at E. S. Leadbeater & Sons, druggists. 25c.

OFFICERS KILLED BY NEGRO.

Leaving behind him three dead officers, whom he shot to avoid being captured, Charles Willis, a negro outlaw, is fleeing from the vicinity of Thomasville, Ga., toward Florida, with a posse pursuing.

The negro began his career of murder in Grady county Monday night, resisting arrest at the hands of Sheriff Tyler He shot the officer dead. A posse headed by Marshal Cardell pursued the negro, and Tuesday night surrounded him in a cabin. The negro, who had barricaded himself in the cabin, was ordered to surrender. He made no response, but instead opened fire.

The posse prepared to close in on him, headed by Marshal Cardell. Within a few seconds a second shot was fired from the cabin window. This shot ended the life of the marshal. When they saw their leader fall, the members of the posse ran to his assistance. This gave the negro an opportunity and, firing as he ran, he made his escape.

Another posse headed by Deputy Sheriff Hunnicutt, of Thomas, took up the pursuit, and came up with the negro yesterday afternoon. The negro immediately opened fire and killed Deputy Hunnicutt. This demoralized the posse, and the negro again escaped.

Sheriff Hight, of Thomas, has organized another posse, and bloodhounds are again chasing the negro.

The negro has a repeating rifle and plenty of ammunition. It is said that he is a discharged United States soldier.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book, Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

AND VIRGINIA ADVERTISER

THURSDAY EVENING, AUG. 29, 1907.

THE SUDDEN terrible death of Mrs. Robert G. Kelsey, of New York, killed when the automobile in which she was riding suddenly leaped into the air, turned a somersault, completely looping the loop, hurling her out to instant death, has put a sudden check upon the speed mania of automobile and racing enthusiasts. The most simple accident known to automobiling—a burst tire—caused the accident. Stewart Elliott, with whom Mrs. Kelsey was riding, is in a serious condition today from the shock of the accident, as well as his injuries, a dislocated knee cap, several broken ribs, three fingers of his left hand broken, and numerous bruises and cuts. He saved his life by clinging to the steering wheel, when the machine made its leap into the air. Kelsey and a chauffeur were racing Elliott and Mrs. Kelsey at the Morris Park track when the fatal accident happened. The cars were going fifty miles an hour, and Elliott had gained a short lead when the tire exploded. Elliott, it developed, today, figured in another fatal accident about a year ago, when he ran down a mounted policeman killing the horse and hurting the officer, while a Mrs. Nobles, of Baltimore, one of Elliott's party, received injuries which caused death. It is about time that those who have contracted the automobile mania were returning to sanity. Fatal accidents, due to the running the cars at a dangerous speed are occurring daily. While fatal accidents often follow, thousands of dollars' worth of property are destroyed.

THE national committee appointed by President Diaz to arrange for the celebration of the one hundredth anniversary of Mexico's independence has adopted a unique feature as a part of the general plan for observing the patriotic event. It is proposed that public improvements shall be inaugurated on September 16, 1910, which is the date of the centennial independence anniversary in more than 900 cities and towns of the republic. It is estimated that the average cost of each of these public improvements will not be less than $100,000. In the larger cities where public buildings or public service improvements are contemplated the amount of money to be expended will run into the millions of dollars. If the general average of $100,000 is expended in each of the nine hundred and more towns and cities, the total amount of money involved in the plan will be almost $100,000,000. This is a most excellent idea and one that should be adopted in American cities; especially by the George Washington Birthday Celebration Association of Alexandria. Money spent on parades and banquets which are forgotten the next day could be much better spent upon a public street or buildings that would last for generations.

AMERICAN LAWS were made the subject of bitter criticism by Emma Goldman, the American anarchist, yesterday in an address to the International Anarchists' Congress now in session at Amsterdam, Holland. She declared that the statutes of the United States are so strict and severe that it is practically impossible to carry on the anarchistic propaganda. "Anarchism, however, is growing in America," she declared. "It is especially gaining adherents among foreign born working people, and many anarchists have gone from the United States to help remove the despotism of Russia." Max Meginski, a Russian delegate, criticised the anarchists of America as well as the working classes of this country generally. Laborers of European countries all want a revolution, he said, but in the United States working people do not want an uprising, because they live in a free country. The condemnation of American laws by such a woman as Emma Goldman is the best indication of their soundness, while Maginski paid a just compliment to the working men of the United States when he declared that they are averse to an uprising.

THE prorogation of the British Parliament yesterday ended a session that was disappointing in many respects, yet was not altogether fruitless. The Irish council bill fell dead, the bill for the relief of small farmers and "crofters" in Scotland and the Irish evicted tenants bill were defeated and mutilated respectfully and half-dozen other important projects on the liberal programme were not even formally presented by the government. On the other hand, the tenant farmers of England were given a measure of security long demanded; a pure food law similar to that recently enacted by congress was passed with practically no opposition from the Lords, and the bill to legalize marriage with a deceased wife's sister, blocked by the Anglican influences for more than sixty years, finally became a law, notwithstanding the Bench of Bishops in the Upper House.

BECAUSE Turpin's "Short Stories From American History," a text book in use in the public schools of the District of Columbia, tells of the recommendation of Robert E. Lee to President Lincoln by General Scott as the best man to take command of the union armies at the outbreak of the war, and of Mr. Lincoln offering the exalted position to General Lee, the Grand Army posts of the District have made a violent protest, and the school board, it is said, will hear still further from them on the subject. But the statements are facts all the same and it is useless either to protest or argue against facts.

THE report that the Southern Railway proposes to build a line from a point on the main line near Culpeper across Madison and other counties to New Market, is not generally believed among railroad men. Such a line would necessitate the crossing of two mountains, the Blue Ridge and the Massanutten.

From Washington.

[Correspondende of the Alexandria Gazette.]

The following is given out concerning what is doing in Panama: Total amount to be excavated by the United States, 111,280,000 cubic yards; excavated up to August 1 of this year, 9,380,000 cubic yards; eight and half per cent. of the total necessary excavation done after three years steady work; largest month's work, 1,126,748 cubic yards, July, 1907; first ship may go through canal in 1915, but may be delayed four years later; total money appropriated by Congress, $129,608,568.28; estimated cost of excavation, $6.21 per cubic yard, including administration, sanitation, machinery, materials, etc.; at same rate, cost of finishing canal, $621,000,000 approximate. There is rejoicing in the offices of the canal commission here over the report of the engineers showing that more than a million cubic yards of earth were excavated during July.

Politicians drifting into Washington from almost every section of the United States save the financial centers give the impression that the people refuse to abandon the idea of Mr. Roosevelt running for the presidency next fall. They declare that even some of the States that have "favorite sons" seem to nurture a hope that he will be the next president. Sections, like California, that became disgruntled at the chief executive over the Japanese message to Congress, or Colorado that got mad about the public land policies, are so satisfied with the other policies of the administration that they are reported to be willing to forgive and forget. For instance, said Senator Warren, of Wyoming, stopping in Washington today en route to Europe: "If at the last minute any intimation should come from the President that he would accept a nomination, the West would fight to get under his standard, and he would be re-nominated with a whoop." The Roosevelt feeling seems to be equally healthy in Texas. Friends of Senator Culberson, who is spoken of as a possible democratic nominee for the White House have told him he would be wise to keep off the ticket if Roosevelt runs. They told the Senator that in their opinion Roosevelt would break the solid South and carry Texas.

In connection with the recent order of the President that all army officers be good horseback riders a new paragraph has been added, by the President's direction, to the regulations of the West Point Military Academy. It provides for the appointment of a board of five officers of cavalry or field artillery to assemble each year at West Point to examine carefully the members of the graduating class as to their fitness for mounted service.

No replies have yet been received from either of the Central American republics to the telegraphic communication sent them by President Roosevelt urging them to arrange a conference for the purpose of making a treaty of permanent peace and compulsory arbitration. Because of the disturbed telegraphic conditions it is hardly expected that these replies will reach here before tomorrow The probabilities are that the peace conference will be held tonight.

The rumor, current in the government printing office yesterday to the effect that Public Printer Stillings is to be removed by the President, was in circulation today with increased vigor. The rumor, however, cannot be confirmed at this time.

The War Department has under consideration the proposition of acquiring 35 acres of additional land for the Gettysburg National Military Park.

It is expected that a definite announcement will be made before the end of the week of the terms of the new arrangements between Great Britain and the United States governing fishing by American fishermen in Newfoundland waters. In the meantime the Americans are proceeding to the fishing grounds understanding that they will not be interfered with and that their operations will be conducted under the same terms as were in force last season.

New York Republicans.

Albany, N. Y. Aug. 29.—"Can the representatives of Secretary of War Taft, who are working up sentiment in his behalf for the Presidential nomination next year, capture the New York delegation to the national convention by trading second place on the ticket to a New York man? This question is being widely discussed here today. Timothy L. Woodruff, former Lieutenant-Governor, and now chairman of the republican state committee, is being boomed for the vice Presidency by men favorable to Taft. They declare he can get the delegations from the various counties by virtue of his official position. This is denied in certain quarters, especially by the people who are most friendly to nominating Gov. Hughes for the presidency. These latter assert the naming of Woodruff or in fact the coupling of his name with that of Taft must inevitably hurt the Ohio man's chances. They recall that Woodruff was a compromise candidate and was forced into the state chairmanship of his party by President Roosevelt, who wanted to get rid of former Governor Odell as state leader. Woodruff is admittedly none too strong in the State, and the Hughes men claim if it becomes a question between he and the Governor the latter will win out hands down.

The Boston Chamber of Commerce has come out with an unanimous resolution deprecating the agitation which may lead to ill feeling between this country and Japan.

News of the Day.

Prince Wilhelm, of Sweden, is being entertained in New York today.

Emperor William was thrown from his horse at a review of veterans at Hanover, yesterday.

Thomas Lavelle, a Grandville, Pa., hotel proprietor, shot and killed his sister today, and then committed suicide. The motive for the tragedy is not known.

Not one of Richard A. Canfield's friends in his home at Providence, R. I., takes any stock in the tale that he is forced to close and sell his magnificent Saratoga establishment because he is "broke."

Charged with having robbed his employers G. B. Salisbury & Co., stock brokers, of $9,000, which it is claimed he lost in playing the races, speculation and fast living, Edward F. Phillips, of Hoboken, was arrested in New York today.

George Whitelock, of Baltimore, created a stir in the American Bar Association at Portland, Md., yesterday by introducing a resolution criticising the President for commenting on the beef trust trial a year ago. No action was taken on the resolution.

Leroy Miller, eighteen years old, who says he lives in Sandusky, Ohio, is held in Washington for the authorities of Charlottesville, where he is alleged to have stolen from the home of Mrs. Sallie Doswell jewelry valued at several hundred dollars. The police say he has confessed.

Ex-State Senator Frank J. Gardner, of Brooklyn, formerly one of Timothy L Woodruff's closest political allies, is defendant in a suit for divorce filed in Brooklyn yesterday, by Mrs. Elizabeth H. Gardner, of that borough. Miss May Yorby, a chorus girl in "The Daisy Maids," now playing at the Criterion Theater, is named as co-respondent.

It was the woman who promised to hide him, but who betrayed him to the police, that tempted him to steal the biggest part of the $96,000 which he took from the Windsor Trust Company, according to the story told in New York yesterday by Chester B. Runyan at the trial of Laura M. Carter on the specific charge of receiving $5,000 of the money. In all, Runyan said he gave her $15,000, although the police think she got another $10,000. Runyan said Mrs. Carter continued to ask for money, and finally said: "I'm not being half paid for the risk I am taking for you. I must have $10,000 or there will be something doing."

CONFESSED MURDER.

The old saying that "murder will out" came true in an unusual way Tuesday night, when Policeman Frank Walsh awakened a man who was asleep in a doorway of the Illinois Hospital, in Chicago.

The man, long a fugitive from justice, opened his eyes, saw the policeman and leaped to his feet with a shriek. "You want me for murder—you are a policeman," he cried. A moment afterwards he collected his wits and ran, but the policeman, drawing his revolver, forced the man to stop and led him to the station.

At the police station the prisoner at first denied being a murderer, but later broke down and confessed that he is Charles F. Burbage, wanted in Greenleaf, S. C., with a man named W. P. T. Rawley, for the murder of Gus. Tannor, a negro, two years ago. He said he was arrested after the murder, which occurred during a saloon brawl, but escaped. Rawley, he said, escaped arrest at the time. Burbage admitted that he had been a fugitive for two years.

THE VIRGINIA FIREMEN.

Business for the year was disposed of last night by the Virginia State Firemen's Association, which met at Newport News yesterday for the twenty-first annual convention, with about 800 delegates and visitors in attendance. Harrisonburg was chosen as the next place of meeting, and officers were elected as follows:

President, Col. O. B. Roller, mayor of Harrisonburg; senior vice president, John P. Braley, Newport News; secretary, George B. Cummings, Portsmouth; treasurer, Thomas J. Williams, Charlottesville, and statistician, J. H. Dwyer, Harrisonburg.

It is expected that there will be more than 1,200 firemen there for the parade today.

Situation in Morocco.

Tangier, Aug. 29.—The situation throughout Morocco is regarded as growing distinctly worse every day. Mouley Hafid, the newly proclaimed Sultan, is gaining new adherents while desertions from the Sultan's army are constantly weakening his forces. It is feared the fierce tribesmen of southern Morocco will force Mouley to adopt an anti-foreign policy despite his apparent unwillingness to do so.

Following the example of the authorities of Mazagan in recognizing Mouley as Sultan, the towns of Safi and Mogador have likewise proclaimed him. His army has been invited to visit these towns. Mouley's letter to the people of Mazagan urging the tribesmen to peace and announcing his own peaceful intentions has not allayed the fears of Europeans, as it is believed he cannot deny his wild followers who are anxious to still inaugurate a holy war.

United American Mechanics.

Harrisburg, Pa., Aug. 29.—The sixty-first annual convention of the National Council of the Order of United American Mechanics closed here today, the following officers being elected: Councillor, Charles F. Spear, Boston; vice councillor, John Honbecker, Scranton, Pa.; secretary, John Server, Philadelphia; treasurer, Joseph H. Shinn, Camden, N. J.; marshal, Samuel Charles, Jersey City; protector, F. O. Loving, Milford, N. H.; doorkeeper, former State Councillor McFeran.

The Floods in Japan.

Tokio, Aug. 29.—As the result of recent floods in the central provinces it is estimated today that 175,000 persons are being cared for through distribution of public funds. The food supply for this city has been almost entirely cut off by water and the situation is serious. It is impossible to learn the number of persons who have lost their lives. Hundreds are known to be missing. The town of Fukuchiyama, near Kioto, was submerged entirely.

Virginia News.

A. L. Moore, the young man charged with abducting a girl in Richmond a few nights ago, was arraigned in the police court yesterday. More serious developments than abduction have developed and the young man was committed to jail.

The Assembly Home and School, connected with the Presbyterian Church of Fredericksburg, has been left a large sum of money by Miss Kate Krebs, who died last week at Woodstock. The Presbyterian Orphanage at Lynchburg was also left a considerable sum.

The Court of Appeals will convene at Staunton Tuesday of next week, when one of the heaviest dockets for some years for that place will be heard by the court. There are many important cases on the docket and the bulk of them are from the northern part of the State.

Intelligence has been received at Petersburg, of the burning of the flour mill of L. M. Liebert in Mecklenburg county. In the mill were stored 60 barrels of flour and a large quantity of wheat, all being consumed. A dwelling in close proximity to the mill was also burned. The fire was of incendiary origin.

Rev. Dr. Richard T. Wilson, one of the most prominent members of the Virginia Conference of the Southern Methodist Church, died yesterday at his country home in Dinwiddie county, one mile and a half from Petersburg, after an illness of several months. Dr. Wilson was born in Nottoway county 60 years ago.

While fishing near the drawbridge at Aquia Creek, in Stafford county, yesterday evening, a man named Stuart, a resident of that county, was drowned by the capsizing of his boat. A Mr. Woodward, of the same county, who was also in the boat, clung to the side till rescued by Dr. K. N. Goolock, of Fredericksburg.

Mrs. Shirley Carter and Mrs. J. Brad Beverley narrowly escaped death at the Baltimore and Ohio crossing in Winchester yesterday while on their way to the horse show at Berryville. The sudden approach of a freight train frightened the spirited animal they were driving. The horse kicked the vehicle to pieces, but both ladies jumped and escaped injury.

Miss Frankie English Smith was married yesterday at her mother's country home, Boston Mills, Culpeper county, to Mr. Frank Gerrold Edmiston, of Crockett, Tex. Miss Rebecca Smith, sister of the bride, was maid of honor. The bridesmaids were Misses Myrtle Yates, Mary Hughes, Lee Dowdell, Rena Burgess, Minnie Smith and Frankie Taunt. The groomsmen were U. L. Goodloe, Cornelius Bruce, Hugh M. Smith, Moffett Spilman, Thomas Hughes and George Matthews. The ceremony was performed by Rev. Stockton Cole.

After a search lasting all night and the best part of yesterday morning, during which time the Rappahannock river was dragged, little Frank Berrey, the seven-year-old son of Mr. and Mrs. W. S. Berrey, of Fredericksburg, was found yesterday buried beneath a rick of lumber in a field near the freight depot of the Richmond, Fredericksburg and Potomac Railroad, crushed to death. The little fellow was playing with a number of other boys beneath an electric light on a corner till about 7:30, Tuesday evening when he followed a band of music to an excursion boat on the river. From that time until he was found crushed, it was thought that he had fallen overboard and drowned.

THE RACE PROBLEM.

At the Farmers' Fair, held at Brandywine Springs Park near Wilmington, Del., yesterday afternoon, Senator Benjamin F. Tillman addressed more than 2,000 persons on "The Race Problem from a Southern Standpoint." He said the most serious question that faces the public today is the race question.

"The war between the North and South," he said, "was not a war of rebellion as far as the South was concerned, but that the South withdrew from the Union because of the rights she thought belonged to her.

"The condition," he continued, "is more serious now than it was in 1861, as there are about 10,000,000 negroes in the United States."

Senator Tillman attributed the present race condition to politicians, and said that the negro realizes that he has the balance of power in many States, especially in Delaware.

"There will be a time not far distant," declared Mr. Tillman, "when the negroes and the whites will have each other by the throat, and on that day we will wake up to hear of terrible butcheries in the South because of the hatred existing between the races. The fundamental error is the belief that the negro is the equal of the Caucasian race.

"You can't make a white man out of a negro by sending him to school. All the brains and character Booker T. Washington has he inherited from white blood, and the only way to improve conditions is to repeal the fifteenth amendment."

BARR ON SOCIAL WAR.

James M. Barr, director general of the Jamestown Exposition, who was out of the city when the storm broke over his order naming Kohlsaat as social and diplomatic representative of himself and the exposition, returned to Norfolk yesterday and gave out what he described as a partial statement of his side of the controversy.

"You may say that I would like to have it distinctly understood," said Barr "that I have not relieved Mr. Tucker from any duties whatever assigned him by the board of directors. The ceremonial duties taken from him were given him by my order. I have not curtailed his power as president of the exposition. I think it unfortunate that the question has been raised about my nativity. Sectional lines should not be considered in our efforts to make the exposition a success." Mr. Barr is serving the exposition without compensation.

Today's Telegraphic News.

The Teamsters' Strike.

New York, Aug. 29.—In obedience to the order to join the butchers' teamsters' strike, drivers of the live stock wagons for the big packers quit their work today. This brings the walkout up to the total number of men who will be asked to strike. Business Agent Hilton, of the strikers, admitted today the luggers, cutters, and other inside men in the packing house will not be asked to strike.

Representatives of the packers declared that the walk out of live stock wagon drivers has not affected them in the least. Not over 25 men quit, they assert, and they declare they are supplying their customers satisfactorily despite the strike, and that business is proceeding under practically normal conditions.

A few disorders today marked the sending out of delivery wagons, but, as a rule, the police on guard about the stables had little to do. Mounted policemen and Pinkertons are still guarding delivery trucks to prevent assaults on the drivers.

Boston, Aug. 29.—Announcement is expected today that Richard Olney, former Secretary of State, has been engaged to carry the fight of the striking telegraphers against the Western Union and Postal companies into State and federal courts. Before President Gompers, of the American Federation of Labor, left for Norfolk, Va., at midnight he held a long conference with Mr. Olney, and it is believed the telegraphers' strike was the subject. Neither Olney nor Gompers would discuss the matter at that time.

Forgot His Letter.

Atlantic City, Aug, 29.—Charles Patton, a Nevada mining king, startled employes of the Western Union telegraph office yesterday, when he handed a cable message over the counter the cost of which was $212. He had forgotton to write to his wife, so sent the cable to Vienna. Simply personal was the letter, in which he told of his trip East; and made arrangements for meeting her in Europe some time during the coming month. The wealthy customer never winced when he was handed a count slip with the number of words and the cost of his little epistle detailed in items. "I should have sent a letter on this week's steamer, but I was busy and did not do it," he said, "and it is likely that she would have been anxious if she had not heard from me."

Alleged Conspiracy.

Berlin, Aug. 29.—What is thought may develop into a wholesale conspiracy of German army officers to betray military secrets to France has been brought to light, according to police claims, through the arrest at Coblenz of a sergeant of the Twenty-third artillery, on a charge of high treason. He is charged with selling certain secret instructions given German officers to French agents. The arrest on such a charge has caused a great sensation throughout the country and this been has greatly increased by the declaration of authorities that other arrests may be expected. Details of the sergeant's alleged treasonable act have not been made public and an even greater sensation is promised when they are forthcoming.

Destructive Fires.

Utica, N. Y., Aug. 29.—A fire that destroyed one business block and badly damaged others broke out in Rome early today causing a loss estimated at $200,000. The blaze for a time threatened to wipe out a considerable section of Rome. The Wiggins block, which housed several business firms and fraternal societies is a complete loss and the Pritchard and Frank blocks adjoining are badly damaged. The two telephone systems in this city are crippled owing to the destruction of many of their cables. Insurance will cover about half the total loss.

Rochester, N. Y., Aug. 29.—A fire of unknown origin broke out in the Cox building, St. Paul street, early today resulting in damages amounting to $161,000.

Postoffice Robbed.

New York Aug. 29 —With an explosion that could be heard nearly five miles, daring thieves early today shattered the postoffice at Bellport, L. I., and an adjoining store and got away with their loot, despite the fact that the whole village was aroused by the noise. At least $1,000 in stamps and cash is known to have been seized. It is quite possible these amounts will be materially increased upon futher investigation. Dynamite was used and both buildings were shattered. Postmaster Henry E. Fohen and his family had gone to a dance at a neighboring village and had not returned home when the thieves made their visit. To this they probably owe their lives, as the building in which they lived was shattered.

Nan Patterson and Her Husband.

Los Angeles, Cala., Aug. 28.—Reports are current here to the effect that trouble is brewing between Nan Patterson and her husband, Leon Martin, who now lives in this city and is employed by the Southern Pacific Railroad. Martin, it is understood, expected Nan to come West, and live with him, but instead, he has not heard from her since June. Furthermore, stories have come to Los Angeles concerning her recent visit to Pittsburg, and it is asserted that Martin will sue for divorce. Nan Patterson is still under indictment for the murder of Caesar Young in New York, the case having been laid away but never closed.

Suicide of a Marylander.

Pittsburg, Pa., Aug. 29.—That the unknown suicide by carbolic acid, found on Duquesne Way, last night, whose identity has mysterified the police, is the Scion of an old Maryland family, heir to $16,000 and valuable estates, is stated by M. W. Meick, of this city. Meick says the man whose remains are at the morgue, resembles J. F. Swaggart, late of Upper Marlboro, Prince George county, Md., and that he was heir to $16,000 and valuable lands in Maryland. According to Meick, Swaggart confided to him that the wanderlust had lured him from home when a boy, and his people did not know his whereabouts.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 50c.

The Telegraphers' Strike.

New York, Aug. 29.—The question of whether brokerage operators shall be called out to join the striking commercial telegraphers, is still unsettled, as the meeting scheduled for last night to determine the question was postponed until this evening, owing to the absence of National President Small from the city temporarily. The basis of dissatisfaction among the brokerage men is the requirement, in many cases, that they work with non-union men.

Both sides still claim to be satisfied with the situation. More men were put at work, however, by the strikers securing signatures to the giant petition for the business interests asking President Roosevelt to use his good offices to end the strike.

Danger of a strike of operators of the Long Island Railway apparently has been averted through the announcement made last night that the company is preparing a new schedule of hours and compensation to go into effect as soon as possible.

The Murder of Ella Schrader.

Chicago, Aug. 29.—Police of Crown Point, Indiana, today declare they could find nothing tangible against Charles Price, of Marion, who had been arrested during the search through northern Indiana for the murderer of Ella Schrader, aged 9, at Gary, but a mob of farmers and steel workers, who yesterday threatened to lynch Price, gathered again early today and prepared to hang the first man against whom proof could be obtained. Price will likely be released. Other suspects are being trailed, however, and indignation over the child's murder culminated in the organization at Gary of a vigilance committee. Governor Hanley, of Indiana, telephoned Sheriff Carter today, that there must be no lynching, that he would send troops if the sheriff was unable to protect his prisoners without them. Carter answered that he thought he could handle the situation.

National Council of the Sinn Fein.

Dublin, Aug. 29.—Having for its avowed purpose the unhorseing of John Redmond as leader of the Irish movement and the establishment of an entirely new programme to gain the great desire of Irishmen—home rule—the first convention of the National Council of the Sinn Fein since the society has grown into national importance began today. By many persons it is regarded as the most significant political gathering Ireland has witnessed in years. The four cardinal principles of the Sinn Fein are under consideration. They are: First, Withdrawing Irish representation from parliament; second, establishing an Irish parliament in Dublin without British consent; third, revival of Irish industries; fourth, boycotting everything English.

State Cops' Defeat.

Hazleton, Pa., August 29—Wealthierly, the usually quiet town that nestles, among the mountains between this city and Manch Chunk, had its first visit from the State Constabulary yesterday, and an exciting one. The Constabulary went to reclaim a hook and ladder truck stolen from F. B. Lovett's barn some weeks ago, which the members of a defunct fire company claim belongs to them. When the Constabulary arrived they demanded from Burgess Warner that he admit them to the fire house. The burgess promptly refused and the constabulary broke down the door. In an instant the burgess sounded the fire alarm and 500 men responded, putting the Constabulary to rout.

Condemed to Death.

St. Petersburg, Aug. 29—The trial of the eighteen alleged conspirators accused of being implicated in the recent attempt to assassinate the Czar, came to an end today, with the following verdict:

Three of the prisoners are condemned to death; four sentenced to eight years' imprisonment and five to be deported. Six prisoners were acquitted.

Charged With Criminal Carelessness.

Pittsburg, Pa., Aug. 29.—Clarence Chappelle, employed with the Winchermann Animal Show, is today in jail, as a result of the death of Mrs. Anna H. Hucke, who was horribly mangled by a big Nubian lion at Luna Park, Tuesday afternoon. According to the coroner's investigation, Chappelle is alleged to have carelessly left the door to the lion's cage open, allowing the animal to escape.

Entertaining Miss Roosevelt.

Beverly, Mass., Aug. 29.—Beverly Farms today is entertaining Miss Ethel Roosevelt, daughter of President Roosevelt. She is the guest of Miss Faith Simpkins, daughter of Mr. and Mrs. Nathaniel Simpkins, of the Farms summer colony. She may stay over for the open air horse show of the Myopia Hunt Club, at Hamilton on Labor Day.

Car Barn Bandits.

New York, Aug. 29.—Henry Reiss, under arrest here, is alleged to have admitted today that he is the last of the famous Chicago car barn bandits to be taken into custody, and he will be taken to Chicago upon a requisition which was served upon him today.

New York Stock Market.

New York, Aug. 29.—The stock market made further gains this morning, carrying along the upward movement to the highest range yet reported, with business confined still to the half dozen stocks that have for some time formed the active group. Before the end of the hour a reaction occurred that carried prices back below early figures, but there was no sign of weakness. The market continued to yield under small sales during the second hour of business and at noon the majority of stocks ranged slightly below yesterday's closing. Call money advanced to 3½ per cent.

About three hundred lives were lost, it is learned today in the conflagration Monday at Hakodate, Japan caused by the overturning of a fire box in a pumping station, when the foundations of the building were washed away by floods causing the building to collapse. The fire spread to neighboring dwellings where the population was housed like rats.

LETTER TO HARRY FLEISCHMANN

Alexandria, Virginia.

Dear Sir: A new word has come into use in paint; it is strong. Strong paint is paint as strong as paint can be. Weak paint is paint not so strong.

If one paint takes 10 gallons to do a job and another 15, the 10-gallon paint is the stronger.

If one paint wears 10 years, and another 5, the 10-year paint is the stronger.

The strongest paint is the one that takes least gallons and wears longest.

But do such differences exist? Yes and greater. Devoe is the strongest of all. A job that takes 10 gallons Devoe takes more than 20 of some. And a job of Devoe wears several times as long as a job of some paints.

O E Perry, East 8th St, Erie, Pa, painted two houses same size; same time; with two paints same price; took 3 gallons Devoe to 4 of the other; and in three years Devoe wa the better looking job.

Th[illegible] and weak paints; we all want the [illegible]est; paint can't be too strong.

Yours truly,

46 F. W DEVOE & Co.

TOURNAMENT.

Miss Lucinda O'Laughlin was crowned Queen of Love and Beauty by W. L. Harron the winner of the twenty-third annual tournament—at Marshall Hall yesterday. The tournament was closely contested and for two hours the knights battled with foaming steeds. Lucien D. Love (Knight of Maryland) received the second prize, with H. D. Herbst (Knight of Blue Bells), third, and W. L. Clark (Virginia Boy), fourth. Four thousand people witnessed the tournament. Dr. Charles Simms, of Glencarlyn, Alexandria county, Va., delivered the charge to the knights. The orator of the evening was Frederick Stone Posey, of La Plata, Md., who also conducted the coronation ceremonies. After the tournament, dancing was begun in the pavilion. Many people from Alexandria city and county and Fairfax attended the tournament.

MR. NORRIS BACK IN CUBA.

Mr. J. Ellis Norris, the manager in Cuba for Messrs. R. G. Dun and Co., returned yesterday on the Merida after a well-merited vacation in the United States. When seen by a Post representative Mr. Norris expressed himself as having experienced a most beneficial trip, which his presence indicated, and he stated that everywhere he went he found much interest manifested in Cuba and much eagerness to learn as to conditions existing in the island. While at Lincoln, Neb., Mr. Norris was entertained by several of its most prominent citizens, and was a guest at a luncheon given at the Commercial Club the day that Vice-President Fairbanks was entertained. * * * Mr. Norris also visited his old home, Alexandria, Va., Washington, Chicago and New York.—[Havana Post.

ELECTRIC RAILWAY.

A large force of men were at work today removing the present track of the electric railway on Cameron street, between Alfred and Patrick, for the purpose of laying new rails. The work will be continued to Henry street. The construction of the spur track from Spring Park to the culvert near the union passenger depot, King street extended, is being rapidly pushed. When the track on Cameron street extended shall have been laid all north bound trains will turn into Columbus street at King and run to Cameron street, following the latter thoroughfare out of the city. Trains entering the city will use King street. The company is endeavoring to get possession of the old Fayette street depot for the purpose of using it as a station.

POLICE COURT.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

Mat. Williams, charged with stealing sundry articles from J. H. Shepp, had his case continued.

Abel Douglass, colored, charged with destroying property of Thomas Fannon, had his case continued.

Harry Edwards, charged with carrying concealed weapons, was fined $20.

Bert Jackson, colored, charged with assaulting Mamie Jackson, colored, was dismissed, and the Jackson woman fined $2, it being shown that she was the aggressor.

Frank Williams, colored, charged with assaulting Henry Hall, had his case continued.

WARRANT REFUSED.

Negroes are extremely fond of appearing in the Police Court either as plaintiffs, defendants or spectators, and the basis of many warrants are flimsy. A quarrel almost invariably ends in litigation, and on divers occasions the presiding justice when but small portions of the stories of negro litigants have been told loses patience and drives them from the judgment seat. This morning a portly colored woman, with an indignant look, requested Lieutenant Smith to prepare a warrant for the arrest of an acquaintance who, the plaintiff alleged, had said her child resembled a monkey with a parrot's mouth. The woman was told to go home, as no warrant would be issued on such absurd grounds.

CHARGED WITH THEFT.

Chief Goods yesterday arrested Mat. Williams at the instance of J. H. Shepp, who charged him with stealing sundry articles from his room over a saloon on north Fairfax street. Among the articles alleged to have been stolen was a diamond pin. The evidence showed that Williams on Tuesday night had certain articles in his possession belonging to Shepp and another man employed in the saloon. Williams in his statement acknowledged having taken possession of clothing, &c., belonging to Shepp for the purpose of insuring their safety, but that he had later become "obfuscated" and did not know where he placed them. The case was continued.

FINED TWENTY DOLLARS.

A young man who gave his name as Harry Edwards appeared on upper King street last night under the influence of liquor and flourishing a pistol. Officers Garvey and Bell appeared, disarmed Edwards and took him in custody. The accused was brought into the Police Court this morning, when he acknowledged that he was guilty as charged and threw himself upon the mercy of the court, promising if released to leave the city immediately. The minimum fine of $20 was assessed.

After the division of the Methodist Church, he joined the Baltimore Conference South. During the past eighteen years he had lived at Manassas.

PREFERRED PENITENTIARY.

Joseph Brown, aged 30 years, who admitted that Brown was not his name, but that he came of a good southern family and was a graduate of the University of Virginia, was yesterday sent to Riverside penitentiary for one year by Judge John D. Shafer, in Pittsburg, Pa., on the charge of being a pickpocket.

Brown, who is intelligent, made an eloquent plea to the bench, setting forth that while he was really guilty of the charge, that he had been driven to it by being penniless and having a young wife to keep. He asked the court to be as lenient as possible on account of his family, and his attorney had a quiet conference with the court in which papers were examined.

The court nodded and said:

"I will be lenient in this case. One year to the work house."

"Don't do that your honor. Send me to the penitentiary if it must be, but not to that workhouse," pleaded Brown.

The prisoner then went on to say that he did not think the workhouse was the proper place for a sensitive man and he would much rather to go to the penitentiary, whereupon Judge Shafer changed the sentence to the penitentiary.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

AUTOMOBILE FATALITIS.

Dr. Geo Waldron, a physician of Rochester, N. Y. Mrs. Catherine Farnsworth, of Rochester, and Mrs. William Scanding and Mrs. Jane Hobbs, both of Hopewell, were instantly killed yesterday afternoon in a collision between an automobile in which they were driving and a Rochester and Easton trolley car near Canandaigua.

While Stewart H. Elliott, president of an automobile concern in New York, was driving a racing automobile at a sixty-mile-an-hour|clip around the Morris Park race track yesterday evening, the tire on a front wheel burst and the automobile whirled over. Mrs. Leslie L. Kelsey, the wife of Robert G. Kelsey, a real estate dealer, was caught under the machine and crushed to death. Elliott was badly hurt.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a Trial Package of them—Dr. Shoop's Headache Tablets, Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON.
